

NAGESH MERVA

ROBOTICS ENTHUSIAST

INTER

I am an ambitious Information Technology student, I bring a passion for cutting-edge technologies, with a specific focus on Artificial Intelligence and Machine Learning (AIML), Blockchain, and Robotics. I plan to equip myself with a strong foundation in IT principles, programming languages, and problem-solving skills. Adept at staying abreast of industry trends and committed to continuous learning for personal and professional growth

SKILLS

Python ,C. C++ programming

SOLIDWORKS modelling

Robotics Programming And ROS

Critical Thinking

Task Management

Creative problem solving

Leadership

EXPERIENCE

ROBOTICS AND AI

MY EQUATION

- Mechanical analysis and calculation of robotics movements
- CAD modelling of robot and relative parts and its assembly
- Integration and Logic building of Sensors and IOT
- Analysis of Sensor Data using R

PROGRAMMING

- Proficiency in Python, C and C++ programming
- TASK manager in C++
- WEB page using Django in python
- Competitive programming in C

EDUCATION

BACHELOR OF ENGINEERING IN INFORMATION TECHNOLOGY

GOA COLLAGE OF ENGINEERING

2023 - 2027
